12th December 2025

Dear Parents / Carers

Mini Pedestrian Training

Our school is working in partnership with the East Riding of Yorkshire Council to develop a sustainable Travel Plan, aiming to reduce the number of daily car journeys.

One of the plan's aims is to promote the use of walking safely to school. Instructors from the council will work with Reception children on a Mini Pedestrian Programme within the school grounds.

The training will take place on **Thursday, 8th January 2026**. Part of the training will take place in the classroom, however, the important part of the training will be out of school, at the road side, under strict supervision. To take your child out of school we need your permission. Please consent on Arbor if you wish your child to take part in the training. In addition to the training, your child will be given materials designed to help them.

The council is committed to reducing child casualties, therefore please consider allowing your child to take part.

If you wish your child to participate in the programme please login to the Arbor app and under Trips you will find Mini Pedestrian Training, please register your child for this trip by clicking the button and click consent. Your child will then be able to participate in the training.

If you have any questions about this work, please talk to your child's class teacher or email road.safety.training@eastriding.gov.uk.

Thank you.
