

We Love Playdough Play Song

(Sing to the tune of 'Row, Row, Row Your Boat'.)

Squeeze, squeeze, squeeze your dough,
Squeeze it, that's the way!
Happily, happily, happily, happily,
We love playdough play!

(Children should squeeze the dough tightly with each hand in turn.)

Roll, roll, roll your dough,
Roll it, that's the way!
Happily, happily, happily, happily,
We love playdough play!

(Children should roll the dough between both hands to create a ball shape.)

Squash, squash, squash your dough,
Squash it, that's the way!
Happily, happily, happily, happily,
We love playdough play!

(Children should squash the dough between both hands to create a flat shape.)

Nip, nip, nip your dough,
Nip it, that's the way!
Happily, happily, happily, happily,
We love playdough play!

(Children should pinch the dough around the edges between a thumb and finger.)

Flip, flip, flip your dough,
Flip it, that's the way!
Happily, happily, happily, happily,
We love playdough play!

(Children should flip the flattened dough over between their hands.)

Pat, pat, pat your dough,
Pat it, that's the way!
Happily, happily, happily, happily,
We love playdough play!

(Children should pat the dough with one finger at a time.)
