

Maths Home Learning
Week Commencing: 1st March 2021

These home learning lessons are specifically designed for our Year One pupils and follow what we would have been learning in school this week. There are four lessons as we would normally teach Maths four days per week with a topic day for subjects such as; Art; DT; History/Geography; PSHE; R.E. and Computing.

Our pupils in Year One work at varying abilities so we have planned a programme of activities that cater for all of our pupils needs. Each day we have prepared a main activity. If your child would like a challenge they can complete this too. Alternatively, if you know that the main activity may be too tricky for your child we have added a core skills task. Please remember to upload any work onto your **child's Tapestry account**.
