

Home Learning: Y2 Spring Term 2

Week commencing: 8th March 2021

Now that school has re-opened these activities are designed for children who are learning at home due to self-isolation.

Teachers will contact you directly through Class Dojo regarding the English, phonics and maths home learning for your child.

A weekly topic overview, with website links and activities will be available on the school website each week.

In school, this week we will be continuing our 'visit' to Scotland and Wednesdays will still be a dedicated topic day. We appreciate that you will be trying to balance your own home-working alongside home-schooling, therefore, we suggest that your child completes this week's maths, English and phonics and also enjoys choosing topic activities from this page at times to suit you. Paper copies of activities are available from school upon request.

Please remember to upload any work onto your child's Class Dojo account for feedback and celebration.

<u>Geography & Computing</u> Watch Mrs Cowan's video tour of Scotland's Landmarks at https://youtu.be/6VMWWsuhr7Q . Think about everything you have learned about Scotland and choose 6 Scottish landmarks. Draw a picture of each landmark in the boxes on the Scottish Landmarks Map and mark the landmark number in the correct place on the map. You can use Google maps https://www.google.com/maps or the Scotland Picture map to help you. When you have completed your landmarks, remember to colour the seas/oceans blue and the land green.	<u>RE</u> We have been preparing for the Jewish festival Purim by making our character puppets and graggers at home and school. Now it's time to listen to the Story of Queen Esther. Watch the Purim Story at https://www.bbc.co.uk/cbeebies/watch/lets-celebrate-purim. Remember to shake your gragger or make lots of noise every time you hear the name Haman because no-one wants to hear the name of such a wicked man! After the story, talk about what it means to be brave and think about a time when you have been brave.	<u>PSHE</u> Cut out the thought cards and sort them into positive thoughts and negative thoughts. Remember that you have to Think Happy to Feel Happy! Talk about the things that you can do now e.g. dress yourself or ride a bike, that you couldn't do when you first started school. Find out what the words resilience and perseverance mean and talk about a time that you have been resilient and persevered when faced with a challenge.
<u>Art</u> Follow the step by step instructions and learn how to draw a unicorn (the Scottish symbol of purity and power). You could draw a large one and create a collage.	<u>Music</u> Learn to sing the Scottish children's song Ally Bally Bee or Coulter's Candy at https://www.youtube.com/watch?v=D65vVGwT900	<u>PE</u> Remember to enjoy daily exercise in your garden or home. You could make up your own exercise routine or try a kids' workout with Joe the Body Coach https://www.youtube.com/playlist?list=PLyCLOPd4VxBvPHOpzoEk5onAEbq40g2-k Have fun practising your Scottish Highland Dancing with Miss Thornton at https://youtu.be/chP4C0LhlwE and then enjoy performing your dance to your family.
