

Hello everyone.

This week we are continuing our growing and minibeasts topics. Hopefully we will have lots of nice sunny weather, so that we can go out into the garden to look at the plants and hunt for minibeasts. Here are the activities for the week. We have split them into different areas of learning. Remember, they can be done in any order that you like.

PSED	This term we are thinking about our school Golden Rules for Behaviour and this week's rule is 'We are gentle. We don't hurt others.' Talk to your grown up about why we always need to be gentle when we are playing with our friends. Imagine a delicate butterfly lands on your hand. What will you do?
Physical Development	Eating the right kinds of food is very important to help our bodies to grow strong and healthy. The Hungry Caterpillar eats lots of healthy fruit. Have a look in your kitchen and see if you can spot some healthy foods. Can you pretend to be a giant? You will need to stand up as tall as you can and walk around with very long strides.
Literacy	Our story this week is Jack and the Beanstalk. You might have this story at home to read, but if not, here it is. https://www.youtube.com/watch?v=zurz-pL-uzw Practice the <i>5 Little Peas</i> rhyme that we learned last week.
Maths	We're going to do some measuring today. The giant in the story had very big feet. Line up some shoes belonging to people in your family. Who has the longest feet? Can you draw a huge pair of shoes for a giant?
Understanding the world	We are going to grow some beans. You will need a zip lock plastic bag, a damp paper towel and some bean seeds. Dampen the paper towel with a little water, fold it and place it in the bag. Put a couple of bean seeds into the bag, on top of the paper towel. Zip up the bag and tape it to the inside of a window. Now watch and wait to see what happens to your seeds. 

Expressive Art
and Design

Have a look at these colourful butterfly paintings. These were made by painting a design on one half of the butterfly and then folding the paper over. Can you make beautiful design?

We hope you enjoy these activities and stay safe and well.

Mrs Pocklington, Mrs Nash, Mrs Easter, Mrs Green and Mrs Barnes
