

Hello everyone.

This is the final week for our growing and minibeasts topics. We're going to see if we can find some minibeasts in the garden, get active with our playdough and explore colour. Have fun!

Here are the activities for the week. We have split them into different areas of learning. Remember, they can be done in any order that you like.

PSED	This week's Golden Rule for behaviour is 'We look after property'. Talk to your grown up about what this might mean. At school we all try to help each other to look after the lovely toys and resources in our classroom. You could help out at home with everyday jobs, like tidying up and putting things away carefully.
Physical Development	We're going to get our playdough out again for a playdough disco! Choose some music or a song to squash, roll and pinch your dough to from here: https://marketweightoninfantschool.co.uk/documents/%5B601984%5DDough_Disco_Information.pdf When you have finished dancing, roll your playdough between your hands to make a very tall beanstalk!
Literacy	Read or watch the story of Jack and the Beanstalk again: https://www.youtube.com/watch?v=zurz-pL-uzw Imagine that you are Jack, climbing the beanstalk and exploring the strange land where the giants live at the top of the beanstalk. Draw a picture of your favourite part of the story. Can you remember the rhyme <i>Mary Mary Quite Contrary</i> that we learned last week?
Maths	We have been playing at shopping in school, with our Garden Centre role play. Set up your own shop at home with your grown up. I wonder what you will sell in your shop? Write some numbers on the price tags - £1, £2, £3.

Understanding the world	Let's go on a minibeast hunt. Head outside and see if you can spot some of these creatures:      
Expressive Art and Design	We have been finding out what happens when we mix two colours together this week. Use a plastic lid as a palette and put a dab of yellow paint and a dab of blue paint, side by side. Now use your brush to mix them together. What is new colour that you have made? Now try mixing yellow with red, and red with blue. Which is your favourite colour? Use your new colours to paint a lovely picture.

We hope you enjoy these activities and stay safe and well.

Mrs Pocklington, Mrs Nash, Mrs Easter, Mrs Green and Mrs Barnes
