

Home Learning: Y2 Summer Term 1

Week commencing: 10th May 2021

These activities are designed for children who are learning at home due to self-isolation.

Teachers will contact you directly through Class Dojo regarding the English, phonics and maths home learning for your child.

In school, this week we will be continuing our new topic **Let's Grow** and we will be learning about the lifecycles of amphibians, reptiles and fish.

We appreciate that you will be trying to balance your own home-working alongside home-schooling, therefore, we suggest that your child completes this week's maths, English and phonics and also enjoys choosing topic activities from this page at times to suit you.

Paper copies of activities are available from school upon request.

Please remember to upload any work onto your child's Class Dojo account for feedback and celebration.

<u>Science</u>	<u>RE</u>	<u>Pyjamarama Day – Friday 14th May</u>
Enjoy completing these activities to learn about the life cycles of amphibians, reptiles and fish. - Click on each stage of a frog's life cycle to <i>Find out how a frog changes throughout its life cycle</i> at https://www.bbc.co.uk/bitesize/topics/z6882hv/articles/zttckqt - Make your own frog life cycle wheel by using the instructions on the Year 2 Home Learning page. - Learn about the life cycle of a fish by reading the fact sheet and completing the activity on the Year 2 Home Learning page. - Learn about the life cycle of a reptile by reading the <i>Sea Turtle</i> presentation on the Year 2 Home Learning page.	Last week we listened to different stories from bibles about how God created the world. Discuss these big questions: <i>Who is God? Where is God?</i> <i>How was the world created?</i> <i>Where do religious people find answers to big questions?</i> <i>What do religious people think about the creation story?</i> <i>Why should we care for the world?</i>	Enjoy a fun day of reading and sharing lots of stories all in the comfort of your pyjamas!! You could get creative and make puppets to help you retell your favourite story to your family. If you have instruments at home you could make sound effects for your story, or even make home-made instruments first. Remember to listen to the special Year 2 and Governor's stories on the <i>Stories and More!</i> section of the Home Learning tab.
	<u>PSHE and Citizenship</u> Read and talk through the One World presentation on the Y2 Home Learning page and complete the activities to learn about how children's homes around the world are similar or different.	<u>PE</u> Practise throwing and catching a small ball. If you have a tennis racket practise returning a ball thrown towards your racket. Practise serving a ball by bouncing it on the ground and then hitting it with the palm of your hand or a tennis racket. Enjoy daily exercise in your garden or home. You could make up your own exercise routine or try a kids' workout with Joe the Body Coach https://www.youtube.com/playlist?list=PLyCLOPd4VxBvPHOpzoEk5onAEbq40g2-k
