

Day 1

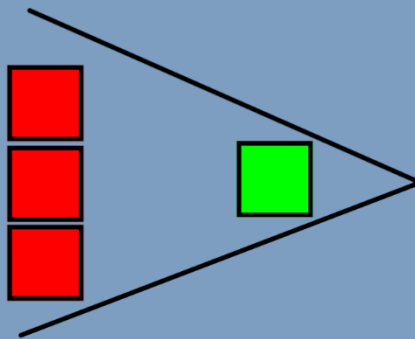

I can use $<$ $>$ and $=$ to compare numbers

Greater Than...

What numbers do the cubes represent?

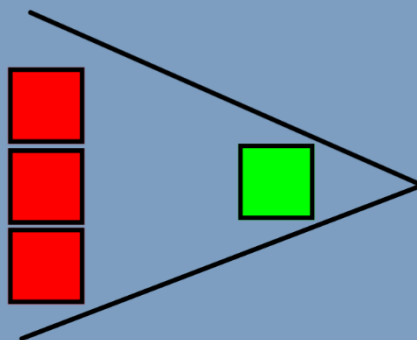

Which is the greater?

Which is less?

Greater Than...

So we would write...

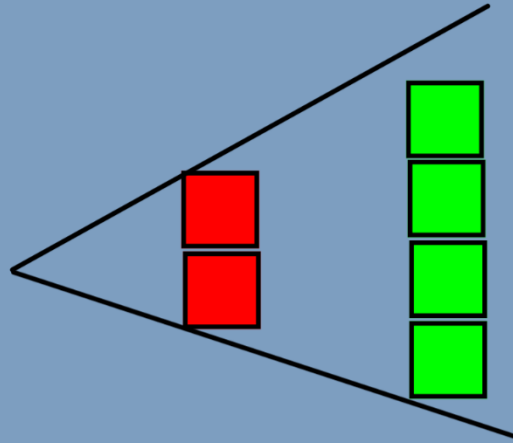

$$3 > 1$$

Less Than...

What numbers do the cubes represent?

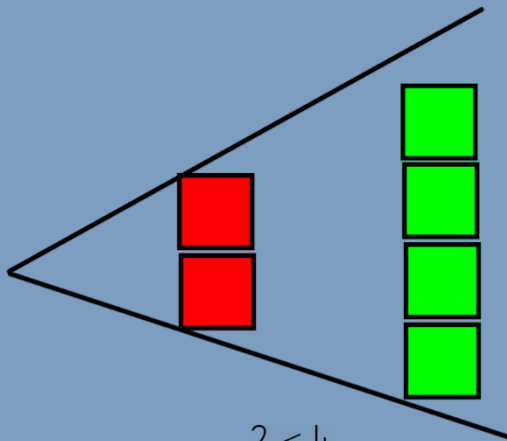

Which is less?

Which is greater?

Less Than...

We would write...

$$2 < 4$$

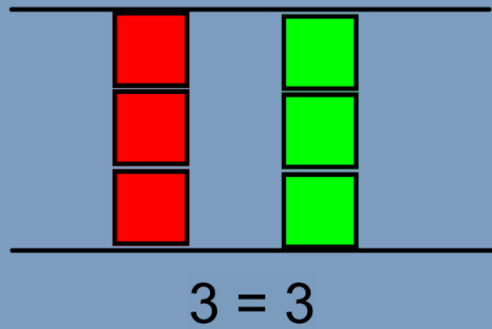

The same as...

what numbers do the cubes represent?

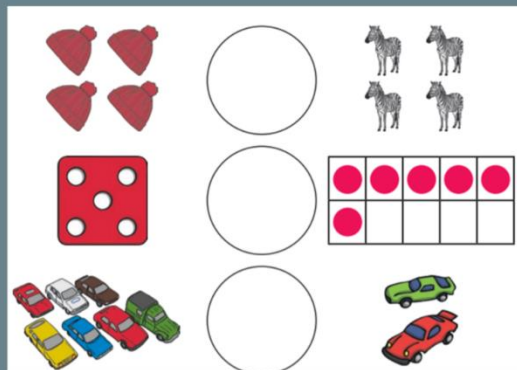

Which is greater than?

The same as... we would write...

Lets have a go using < > and = symbols.

What about these?

12 6

10 11

5 5
